At the Methodist Conference held in Winnipeg last week a report was submitted by the Prohibition Committee expressing regret that a change had been made from a prohibitory liquor law to a licence act in the Territories. A number of delegates held that the change had so far proved a benefit, and that in their opinion the operations of the License Law could not be considered as justifying such a resolution as was recommended by the report. It was, however, strongly contended by others that as a matter of fact the country had, since the introduction of the Act, been flooded with liquor to an extent never before known in the Territories, and that the consumption was as a consequence greater. It is somewhat remarkable how these gentlemen are able to make such comparisons unless they knew the various schemes used in bringing in liquor previous to the introduction of the License Act. It is not reasonable to suppose that they knew more about the means employed than the parties who drank the smuggled liquor, and we very much doubt if many of the latter had the faintest idea of the quantity brought in under the old law. But suppose the quantity on hand to-day greater than ever before, it does not necessarily follow that the consumption is greater. For the past few years the supply has been equal to the demand, and the prices even lower in many places than they are to-day. It was openly sold in all the towns in the Territories, and anyone who wanted it had no difficulty in obtaining all he wanted. At the Conference, the Rev. Mr. Tozeland made the statement that he had seen more drunkenness in Qu'Appelle since last November than in the previous two and a half years. We doubt not these are Mr. Tozeland's observations, but it is somewhat misleading that he should go back as far as November. He did not tell how the sobriety of the people for the past two months compared with previous months. People who are in a much better position to judge of the operations of the License Act than Mr. Tozeland are satisfied that a marked improvement is the result of the change. The playing of cards and other games to determine who shall pay for drinks is now a thing of the past, and the bar receipts are less than heretofore. As far as Qu'Appelle is concerned there is undoubtedly a marked improvement, and so long as the hotels are kept in strict accordance with the regulations we have no doubt but the results will compare favorably with the operations of the so-called prohibitory law. It is the duty of every good citizen to see that the regulations are strictly carried out, and when hotel keepers violate the law their license should at once be cancelled.

HOUSEHOLD.

A Woman's Weapon.
"What is a woman's weapon?"
A woman's weapon is her
She dropped her ladies style
And stroked a vagrant curl:
Then concluded she mournfully,
"The world is a poor place;
I have a strong suspicion
Her weapon is a pout."
"What is a woman's weapon?"
I asked a lover true.
He turned him to a maiden
With a smile, and said, "My love,
Her vagrant lips were parted;
All innocent of guile,
And eagerly he answered,
"Her weapon is a smile."

"What is a woman's weapon?"
I asked, and met there
With sudden inspiration
He seized upon his pen,
"I can write a thousand,"
He cried, and then closed it.
"But woman's surest weapon,
I grant you, is a tear."

The Work of Women.

It is exceedingly aggravating to find women discarding work just as it becomes financially profitable and men taking it up. Yet this happens in numberless cases. As soon as one employment becomes of serious import and value enough for men to adopt it, women are quite likely to discard it, or are frightened out of competition with their stronger brethren. Several centuries ago, when the mass of mankind was occupied with feats of arms, women were the only teeth known. It was considered a most useful to stand by while their husbands and medicines, and even to acquire the art of surgery. Yet, till within the last score of years, it has been a common thing to sneer at a woman physician as those who have stepped out of the limits prescribed for their sick. Gradually the prejudices against the woman physician are being overcome. Many other cases might be instances where women have gone back into lucrative employments from which they had been pushed by the superior force of men and made a success of them. The most conservative thinker can hardly say that better-making is not a woman's employment, but as soon as butter-making is conducted in a large creamery, where it becomes a matter of a thousand pounds a week instead of fifty, and is conducted on scientific principles so that the result is sure, it is done by men. The fact is that our farmer's wives, with their long experience in butter-making, are being driven out of an excellent and lucrative employment by the engagement of male and even hands. No one doubts that the business of creameries is a success, yet it is to be regretted that the woman's popular sphere has not made this success her own, and has allowed the middlemen to come between her and the market.

Why should not farmers' wives and daughters in a large neighborhood organize and establish a co-operative creamery, to which they would all furnish the cream? There are abundance of farmers' daughters seeking employment in the cities studying art, studying what not, who could do all the work of such an establishment except the work of heavy butter-making, which ought to be done by a woman employee? Butter is an essential part of the work of butter-making, which may not be better entrusted to women's hands than to men's. The establishment should, of course, be conducted on strict business principles. There should be agencies for the sale of the butter in cities and villages where it will command the best price, and such agencies should be in charge of daughters of those interested in the co-operative scheme. There is no possible reason why many of the army of unemployed who are continually drifting about the cities and towns should not be aided by such a project as this. There is always a demand for home-made bread and cake, home-made pickles and home-made preserves, at prices which will compete with the inferior produce of this kind now for sale. Canning and pickling establishments of a similar kind might also be conducted on the co-operative plan by unemployable women.

It is not our purpose to add to the many burdens of the farmer's wife. It is not a question which wife she finds enough to do as to whether she does give the best result. There is no more of farmers of limited means educating their daughters for teachers, for the ranks of tea-herbs are over full. There is little more use in educating them to write poetry as a remunerative profession. What they need is practical employment, which will bring a practical money return.

To Prevent the Odor of Perspiration.

The unpleasant odor produced by perspiration is frequently the source of vexation to persons who are subject to it. Nothing is simpler than to remove this odor. It is only necessary to procure some of the compound spirits of ammonia and place about two tablespoonfuls in a basin of water. Washing the face, hands, and arms with this leaves the skin as clean, sweet, and fresh as one could wish. The wash is perfectly harmless and very cheap.

Hints For the Household.

A house to be successfully papered must be treated as a whole, not by piecemeal. In other words, however diverse the coloring of its several rooms they must all harmonize.

A clothes-boiler that is permanently set on the range and filled and emptied by faucets is a great relief from the lifting up and down of the heavy copper boiler full of water.

Cleanliness of the nails is a very important essential. If possible never use a knife-blade, nor at the toilet a nail-brush and plenty of soap and water should always be called into service.

It has frequently been shown, by actual experiment, that troubled sleep and threatened insomnia are corrected by so simple a means as the placing of an open bowl of water near the sufferer's couch.

A tea-table, round and octagonal, with marble top, for the keeping of the latter, has a deep drawer with two tin-lined compartments, in which brown and white bread may be mixed simultaneously.

Nothing keeps out moths so well as papers. If every housewife, when she puts away her furs pasted up all the crevices and round the lid of the box with paper, she would find her furs intact when unpacked.

The fashion of having two buttons on the back of a gentleman's coat is said to have arisen from the fact that those at first used to button back the skirts of the long frock coats formerly worn by gentlemen, corresponding button-holes or loops occupying the corner of said skirts.

People who are subject to a certain essential. If possible never use a knife-blade, nor at the toilet a nail-brush and plenty of soap and water should always be called into service.

In making sweetmilk muffins take one quart of sweet milk, two eggs, one and a half of soda dissolved in warm water, one teaspoonful of salt, and sufficient flour to make a good batter. Beat the eggs well, stir them into the milk, then add the flour and salt, and lastly the soda. Bake in rings in a quick oven.

For apple fritters peel and slice some good apples, lay them in a soup plate, dust over with sugar and some lemon juice; leave to stand, turning and adding more sugar and juice if required, about two hours. The cones should be carefully taken out with a corer. Dip in batter and fry in boiling lard. Drain well and serve in a ring, with sugar dusted over.

When a marriage takes place in Italy in a princely family, the bride and the groom after the religious ceremony present themselves to the Pope to receive his benediction. Then the young couple, in wedding costume, proceed to St. Peter's alone, and kneeling on the bare steps, before the statue of the "Prince of the Apostles," pray.

ELECTRICAL NOTES.

The electrical department of the U. S. Patent Office is overcrowded with applications for patents, some of which have been on file since last fall without receiving preliminary examination.

A telephone exchange having about six hundred instruments is to be established in the World's Fair grounds. About twenty-five will be public toll telephones, 300 will be for the use of the Exposition officials and employees, and the remainder for mercantile purposes. Connections to New York will be completed by the time the Fair opens, and will be made directly to the grounds of this medicine. Try it.

A TRENTON MIRACLE.

A REMARKABLE CURE IN A CASE PRONOUNCED HOPELESS.

An Estimable Young Lady Raised From Death-bed After Being Given Up by Several Doctors—A Simple Statement of Facts.

Trenton Courier.

At intervals during the past year the proprietor of the Courier has been publishing newspaper reports of miraculous cures occurring in various parts of Canada and the United States. Perhaps among the most notable of these were the cases of Mr. John Marshall, of Hamilton, Ont., Mr. C. B. Northrop, of Detroit, Mich., and Mr. Chas. A. Quant of Galway, N.Y. Mr. Marshall's case was more prominently fixed in the public mind by reason of the fact that after being pronounced incurable by a number of physicians, Dr. W. H. Williams and the Royal Temple of Temperance, and some months afterward was announced his almost miraculous restoration to health and active life. The case of Mr. Northrop created equally as profound a sensation in Detroit, where he is one of the best known merchants in the city. Mr. Northrop was looked upon as a helpless invalid, and could only give the most desultory attention to his business on days when he could be wheeled to the store in an invalid's chair. In case he had cured himself, he was a small man, with a weight of \$1,000 disability claim allowed by the Royal Temple of Temperance, and some months afterward was announced his almost miraculous restoration to health and active life. Town & Country Callings.

—Mr. Tasse, of Tasse, Wood & Co., of Montreal, was in town on business on Saturday.

—Mrs. Molloy and family arrived from Saskatoon on Saturday, and will reside here in the future.

—Mr. and Mrs. Michaelis, of Balgonie, spent Sunday here, the guests of Mr. and Mrs. Axford.

—Mr. Kvester and son, Brandon, and Mr. Millard were here last week looking for a suitable place to locate.

—Inspector Constantine is on a tour of inspection of the police detachments at Qu'Appelle, Indian Head, and Fort Qu'Appelle.

—The Qu'Appelle and Indian Head delegates to the Conservative Convention at Moosomin were entertained at dinner by Sheriff Murphy.

—The License Commissioners met here on Saturday last, and transferred the license of the Queen's Hotel from Jas. Horne to Messrs. Whiffin and Barnes.

—The people of the town who have the pleasure of the acquaintance of Mrs. Sgt. Fyfe will be pleased to know that she has arrived here with her family.

—As the time is short for making arrangements for our annual race meeting, it is urgently requested that all interested will attend the meeting on Saturday night at the Leland.

—According to the final draft of stations passed at the Methodist Conference, the Rev. E. T. Carter will come to Qu'Appelle and Rev. J. Tozeland go to Gladstone in the Neepawa District.

—A dance was given by the employees of the Sykes Farm, at Edgeley, on Friday last. A large company gathered and tripped to excellent music till far into the following morning.

—A portion of the country north of here along the Qu'Appelle river was visited by a heavy hail storm on Saturday. At the Industrial School considerable damage was done to the gardens, and many of the windows in the building were broken.

—There is to be a tea meeting in the Methodist Church, Edgeley, on Friday, the 1st July. Tea will be served from 5 p.m., and a select programme of vocal and instrumental music will be gone through, An enjoyable time is guaranteed to all who may attend.

—The members of Qu'Appelle Lodge A. F. & A. M. will attend divine service in a body at St. Peter's Church on Sunday, the 26th, at 2.30 p.m. The members of Indian Head Lodge will join the Qu'Appelle brethren on the occasion. All Masons are cordially invited to attend at the lodge room at 2 p.m. sharp.

—Mr. J. H. Fraser, who is now in Toronto visiting friends, is being most hospitably entertained by Mayor Fleming and the leading people of the city. He was dined a few days ago at the "Reform Club," but we have every confidence that he will return home as firm in his allegiance to the great Conservative party as when he left.

—At a meeting of the Vestry of S. Peter's Church, held on Monday, a resolution was carried expressing their deep regret at hearing of the Bishop's resignation, and stating that the loss would be to them personal as well as diocesan, on account of his Lordship's long residence in the parish and his frequent and highly appreciated ministrations in the Pro-Cathedral.

—Mrs. J. A. C. Blackwood, of Blackwood, Misses F. and L. McIntyre, St. Thomas, and Miss Neveux, of Detroit, were in town last week visiting Mr. and Mrs. Davidson and other friends. Mr. McCaughrin, of Trencastle, Ont., and Mr. Copeland of Wallace, Ont., are visiting friends in the Edgeley district. Mr. Copeland will likely secure a farm before he returns to his home. Mr. Barber, of Moosomin, is also a visitor to Edgeley. Mr. Geo. Hardy, of Toronto, who is returning from a trip to the Coast, stopped off on his way east to see his brother Mr. Isaac Hardy.

—BIRTH.—On Wednesday, the 22nd inst., at Qu'Appelle, the wife of Dr. Carthew, of a son.

—MARRIAGE.—On the 14th inst., at Kateriya Church, by the Rev. J. P. Sergeant, Mr. William Frederick Uean, of Yorkton, to Miss Edith Skinner, daughter of Mr. T. Skinner, of Kateriya.

—SINTALUTA.—Our wheat market is still booming.

Our Baseball Club has accepted a challenge from Indian Head to meet them for a friendly game on the 4th July next.

The crops although late are looking remarkably healthy, and are now coming in vigorously.

MOOSOMIN.

June 19th, 1892.

Mr. W. White, Q.C., arrived from Winnipeg, where he has been on business.

Staff Captain Bolton and Mrs. Bolton, accompanied by Major Morris and several other officers of the Salvation Army, conducted meetings at the Orange Hall here last Wednesday and Thursday. The meetings were largely attended, and over \$70 was subscribed by the citizens of Moosomin in aid of the Rescue Home to be established at Winnipeg.

Mr. A. G. Hamilton, Grand Master of Orange lodges in the Territories, went to Gainsboro last week to initiate a lodge there.

There will be a Sunday school picnic at Orangerville on the first. The Moosomin Brass Band will be there.

A Masonic picnic will be held at the Pipestone on St. John's Day, June 24th.

The Moosomin B. B. Club will play the Fairmede Club at Fairmead on July the first, and the Lacrosse Club will go to Elkhorn.

Moosomin is growing fast. There are six new residences and business blocks in course of erection, and "still there's more to follow."

FAREWELL SOCIAL.

The Qu'Appelle branch of the P.C.U.T. gave a social farewell party to Mrs. Tozeland, one of the members of the society, in the R. T. of T. Hall, on Monday evening, previous to her departure for her new home at Gladstone. There was present a large number of friends from the town and country, and a most enjoyable evening was spent.

The hall was very tastefully decorated, and the entire management was in the hands of the ladies, who so successfully conducted the meeting that they completely dispelled that fossilized idea of man's great superiority, so fondly cherished by some of the sterner sex.

Mrs. Bulyea, president, occupied the chair with modest dignity, and disposed of a short but appropriate programme, consisting of speeches by Revs. Tozeland and Sweet and Mr. F. Amas, Select Councillor of the R. T. of T.; readings by Mrs. Bulyea and H. Amas; songs by Mr. Jagger, Miss McFarlane and Mrs. Bulyea. Tea and cake was provided by the ladies and after a few hours of social intercourse, the Rev. Mr. Sweet pronounced the Benediction, bringing to a close a decidedly pleasant evening's entertainment.

CRICKET.

An eleven of the Qu'Appelle Cricket Club visited Regina on Friday last to play a team of the North-West Mounted Police. In the first innings the Qu'Appelle men were all out for 15 runs, but this was no doubt due to the lack of previous practice on the part of the batsmen; but in the second innings a better stand was made and some good form shown. Sperling ran up a score of 26, and was declared out for 1 b.w. Egerton had the misfortune to be run out after scoring 10 in good style. The policemen put up a total of 93 in one innings, 25 of which were made by Macdonell and 20 by Prissick. The following were the scores:—

QU'APPELLE TEAM.	
1st Innings.	2nd Innings.
Brown b Gregory.	2 b Gregory.
Whitelow b Gregory.	2 c Gregory.
Springing b Gregory.	1 lbw b Raven.
Egerton not out.	7 run out.
Williams b Gregory.	0
Hales b Gregory.	0 b Prissick.
Vatche b Gregory.	0 b Raven.
Reyes b Gregory.	0 b and c Prissick.
Kirkland b Gregory.	0 b Prissick.
D'Arcy b Gregory.	1 not out.
Blake b Gregory.	0 c Smith.
Extras.	2 Extras.

EDMONTON LAND OFFICE.

The people of Edmonton have been in a state of excitement for the past few days. It appears that Mr. Anderson, Dominion Land Agent, had instructions from Ottawa to remove the land office to the south side of the river, and the citizens who are interested in the old town site strongly protested when they found Mr. Anderson carrying out his instructions, and took means of preventing the removal being made. Telegrams to no end were sent to Ottawa. Hon. E. Dewdney replied to one from Mayor McCauley asking that a branch office be opened on the south, and the main office still remain on the north side—that the opening of an office on the south side was only a temporary move to accommodate settlers, and that government offices would be erected on the old site. This was considered satisfactory, and the agent, Anderson, has been allowed to carry out instructions. Things are now quiet.

BIRTH.

CARTHEW.—On Wednesday, the 22nd inst., at Qu'Appelle, the wife of Dr. Cartew, of a son.

MARRIAGE.

Uean—Skinner.—On the 14th inst., at Kateriya Church, by the Rev. J. P. Sergeant, Mr. William Frederick Uean, of Yorkton, to Miss Edith Skinner, daughter of Mr. T. Skinner, of Kateriya.

SINTALUTA.

Our wheat market is still booming.

Our Baseball Club has accepted a challenge from Indian Head to meet them for a friendly game on the 4th July next.

The crops although late are looking remarkably healthy, and are now coming in vigorously.

THE NEW TOWN SITE.

Messrs. Donald, Angus and John Stewart returned on Saturday from a trip to the Souris district. They were present when the new town site was located at the coalfields. It is situated on Section 23, Township 2, Range 8, immediately north of the confluence of Long Creek with the Souris. The S. road joins the Souris road here, and the extension of the line will be made from this point north-west to join the C.P.R. at Regina or Pasqua. Surveyors are now locating the road, and it will soon be definitely known where it will tap the main line. There does not appear to be any good reason why this extension should go so far west. The land lying in a direct line from the new town to Qu'Appelle is infinitely better than along the proposed route. These gentlemen have travelled over a considerable portion of the Territories, and are in a position to know what they are talking about when they say that better agricultural lands are to be found in the country than between Qu'Appelle and the town lately located in the coal fields.

BLAKE FOR IRELAND.

It is stated that the Hon. Edward Blake has accepted the offer of the Irish Nationalists of a seat in the Imperial House of Commons for an Irish constituency.

He has furnished the press with a statement in reference to the unanimous invitation he received from the Irish leaders to accept a seat in Imperial Parliament. In this statement he says: "On Tuesday last I cabled to the effect that I was deeply sensible of the high honor done me, but feared I was too old and too unfamiliar with the arena to be serviceable. Yet, if it were thought to be in any degree useful to the great cause I would accept a safe seat, but that I could not attempt a doubtful or costly contest, and it would be rather difficult for me to start forthwith. This is not a time to give my reasons for this decision, which I cannot help sometimes hoping may, after all, be ineffective and that I may yet be spared the pain of leaving Canada. Let me just say now that should it be my lot to go, I can be sustained only by the belief that I go in the discharge of my duty and by the hope that I may before long return to my home and friends."
